**A Touching Appeal.**

This is the appeal of an exchange: "Send in your items while they are fresh. We don't like to publish a birth after the child is weaned, a marriage after the honeymoon is over, a death notice after the widow is married again, or a free notice of an entertainment when the job work is done elsewhere."

**Taken to the Courts.**

Renoites are still squabbling over their Fourth of July celebrating. The county commissioners allowed \$1,000 to cover the deficit of cash collected for the blowout. Some patriotic citizens made a kick and now the matter has been taken to the supreme court for settlement.

**A Ghastly Find.**

Elizabethtown, Ky., November 21.—About three and a half miles from here is a big cave, never thoroughly explored by any one in this neighborhood. A few persons have gone into it for a short distance, but it opened out into so many chambers that each time the explorers have feared to penetrate too far on account of the danger of getting lost.

Yesterday, however, a more thorough exploration was made, and the result was unexpectedly sensational. A party of young people of this town prepared themselves with all the necessaries for entering the cave and made an attempt to solve its mysteries.

They found it to contain a number of large rooms, and in one of the rooms they found a box containing several gold and silver watches, diamond rings, a lot of earrings and several pieces of jewelry. In another room were found five skeletons, thought to be those of persons who had been robbed and then murdered, and in this same room was a lot of cooking vessels, which were probably used by robbers who evidently at one time used this cave as a rendezvous. Two of the watches bear the initials "Q. C. A." and "S. J. McK."

**Opposes the Insanity Plea.**

Chicago, November 21.—Pendergast, the murderer of Mayor Harrison, whose trial is set for a week from to-day, is not pleased with the defense his attorneys have decided upon. "They proposed to enter a plea of insanity," said he, yesterday. "I object to that. I want to acknowledge the commission of the crime, and plead and prove justification."

"In what way will you prove justification?" "A broken promise to make me Corporation Counsel and other things; but it will come out at the trial. I am very much displeased at entering a plea of insanity. I am not insane, and was justified in the shooting. The way the newspapers handle the story is amusing and displeasing. They call me a crank, lunatic, crazy, insane and a lot of other things, and the pictures in some of them are seemingly horrid. I am not insane, and don't want that kind of a defense."

**The Cause.**

A correspondent of the Reno Gazette, writing from San Francisco, says:

"Sam Davis of the Carson APPEAL is now in the city working up his '49 and spring of '50 paper that he proposes to publish during the Fair, and is carrying one of the finest black eyes the Gazette man has seen in many a day. Sam says he found it on Market street, and from the beautiful blue-black his left optic is dressed in, the Gazette sees no reason for doubting the assertion."

It is probable Sam got the black eye, by having so many people, "knocking his eye out," for a job on the '49 exhibit.

From now on the Capitol Restaurant will furnish tickets good for 21 meals for \$4.50 or \$18 per month. For \$7 you can get a ticket for 21 meals which entitles you to chicken, porthouse or oysters served every meal. Private lunches or dinner parties furnished for \$10 and upwards.

**SETTLED AT LAST.**

**World's Fair Jury Finally Decides in Favor of Dr. Price.**

Chicago, Nov. 21.—On the analysis and recommendation of Dr. Wiley, Chief United States Government Chemist at Washington, and greatest living authority on food products, the World's Fair jury today gave the highest award to Dr. Price's Cream Baking Powder for strength, purity and excellence. This conclusively settles the question of superiority. Dr. Wiley rejected the alum powders, stating to the World's Fair jury that he considered them unwholesome.

W. R. Marion, the oyster king of Willapa Bay, Wash., has made another large shipment of oysters to San Francisco consisting of 1,353 sacks. During the last two months he has shipped 5,000 sacks and other parties have shipped perhaps 2,000 sacks more, all of which are to be planted in San Francisco Bay as a sort of reserve to draw upon when storms are raging at sea or freeze-ups occur at the north.

In "Halligan's Illustrated World's Fair" is a two-page illustration of the great wheel and its author, Geo. Ferris, the Carson boy whose genius has made him famous.
